6. (C/NPD) Item 55: Of late subject has displayed extremely strong nationalistic tendencies. He is particularly disaffected with what he feels to be the poor quality of US line units serving in the border area. He feels that these line units do not give proper respect to their more experienced German counterparts.
7. (C/NPD) Item 58a: Collector has known the subject for a period of twenty-three months and has had contact with him approximately twice weekly. The information in this report is based on the collector's observations. In his official capacity as S-2, IV/2 Federal Border Guard Battalion, Coburg, RMG, he provides USI with information concerning the current border situation in the BBO Kronach area of responsibility, current and comprehensive order of battle information on East German Army units within the BBO Kronach area of responsibility and aerial coverage of the border area.
8. (C/NPD) Item 58c: Subject is not particularly well liked by his superiors because he has a reputation for being a self-satisfied loudmouth. His superiors feel that Subject's excellent knowledge of the border area gives him the feeling that he is indispensable and not subject to orders.
